

INVITES OFFERS OF SITES HERE

Commerce Chamber President Says Get Busy for Baptist Sanatorium.

"If the people of El Paso wish the proposed sanatorium of the Southern Baptist church to be located here they must get busy," said Otis C. Coles, president of the El Paso chamber of commerce Monday morning.

"If anyone has anything of interest to say in connection with the location of the sanatorium here, we would like to hear from them at the special meeting of the board of directors which will be held Tuesday evening at the chamber of commerce."

Visit Many Sites.

Four sites were inspected by the committee which visited El Paso Saturday, all of the sites lying in the vicinity of Highland Park and Mount Franklin. The committee left Saturday evening for Las Cruces, where they will inspect sites, and will also visit Albuquerque and Silver City. Sanatorium boosters are also making an effort to induce the committee to visit their city before returning. The delegation included Rev. H. P. Verma, a former pastor of Las Cruces, chairman of the tuberculosis commission of the Southern Baptist church; Rev. P. M. McConnell, pastor of a Baptist church at Oklahoma City, and Rev. D. L. Maddox, Tucuman, N. M.

Proposed To Spend \$1,000,000.

"The committee represents a constituency of 3,000,000 people," said P. M. McConnell, chairman of the reception committee. "and they propose to spend \$1,000,000 in the erection of a sanatorium wherever they select a site. The annual outlay is, of course, not capable of being estimated at present, but would be a considerable sum of money. The committee expressed themselves as highly pleased with the many advantages shown by the city."

Other members of the local reception committee besides Mr. Putnam were J. H. Nations, C. M. Newman, O. Coles, J. M. Wyatt, C. C. Henderson, Rev. O. J. Wade and Rev. J. F. Williams.

The visiting delegation are expected to be in the city on their return trip Wednesday or Thursday.

The committee was taken Saturday afternoon for a visit to the Mount Franklin Country Club and the members were greatly pleased with the location and the building. One of them said it would make an ideal administration building, dining room and recreation hall for the patients, and that, with its acquisition, it would only be necessary to erect dormitories for the patients. The view from and surrounding the club also appealed strongly to the committee. President Otis C. Coles, of the chamber of commerce, says he would like to secure offers of sites, if El Pasoans desire to have their property placed before the committee, so that they can all be shown at the return of the committee here Thursday.

BOND BUYERS' AGENT HERE.

W. C. Bittling, Jr., treasurer of the William L. Compton company, of St. Louis, was a visitor at the city hall Monday morning. The Compton company, represented locally by John M. Wyatt, bought the recent \$200,000 bonds, for waterworks and school improvement, issued by this city.

FRIENDLY, EVEN IF ARE GERMANS

El Paso Subjects of Kaiser Throng Police Station to Make Registry.

In their efforts to convince chief of police Charles Pollock that they were friendly toward the United States, notwithstanding that they are German subjects, several dozen unnaturalized Germans, resident in El Paso, were at the police station early Monday morning, and all day there was a steady stream of men passing to and from the chief's office.

Practically all of the 13 persons who had registered by noon came to the station prepared with their photos and all other data necessary. "The pictures must have a light background," chief Pollock said. "This is a requirement of the regulations, and cannot be changed."

Complete Good Naturally.

All those who registered appeared to understand the seriousness of the work, but registered into the several tanks good naturedly. Several amusing incidents occurred in cases where the registrants had no identification papers. When Joe Hausinger took the finger prints of the men, considerable finger talk was passed back and forth.

There was no disturbance of any nature and every detail of the registration was carried off with dispatch.

The registration is in charge of Joe Hausinger and Mrs. E. L. Case.

Affidavits in triplicate and a photograph of the person registering is attached to each of the affidavits. The four photographs are signed across the face by the person registering. The other photograph is retained in the file of the person.

All information contained in the affidavits is held strictly in confidence by the department of justice and the police department. The main features of the affidavits are the name of the registrant, his birth place and date, name and residence of his parents, whether he is married or single and the name, age and residence of his children. The affidavits also contain a general description of the registrant.

PIEZ URGES MEN TO ENROL IN SHIPYARD RESERVES

Washington, D. C., Feb. 4.—General manager of the emergency fleet corporation today asked registrants of all states to help enrol 25,000 workers in the shipyard by leading promotions calling mechanics to enrol in the United States public reserve. "Without this great industrial army, ready to take its place as the need for labor ever grows more urgent, we cannot carry out the ship building program on which hangs the fate of our army in France and of our allies the world over," said the appeal to the government.

"Men enrolled are not asked to rush immediately to the yards, but will be drawn into service only as places are found for them and in such fashion as to disturb manufacturing conditions throughout the country as little as possible."

HELD TO GRAND JURY.

Vivian Lopez was held to the grand jury in \$500 bond by Justice J. M. Deaver Saturday afternoon, on a charge made in connection with the shooting of Maria Luisa Pena, who testified she was shot in the arm.

Alfalfa Seed and Sonora Wheat

Our New Fall and Spring Catalogue is free and tells what and when to plant. Everything that is best in FARM, GARDEN and FLOWER SEEDS. We also carry a nice line of Hardware. Buckeye Incubators and Brooders.

First of unknown origin Monday morning totally destroyed the three room house at 2805 Sacramento street, owned and occupied by H. G. Meyers. The estimated damage is \$500.

Also a Wheatless Meal Daily in All El Paso Restaurants Is Order.

El Paso hotels and restaurants will have a wheatless and a meatless meal every day hereafter, in addition to observing the usual wheatless and meatless days and adding a porkless day to the list.

R. Burr Grindorf, chairman for El Paso of the hotel and restaurant committee of the state food commission, received a letter today from J. E. Daley, state chairman of the hotel and restaurant committee, ordering the new rule.

Hereafter, according to his order, breakfasts in hotels and restaurants in Texas must be meatless and porkless every day.

"One meal every day must be wheatless and one meatless," he says, "and it has been decided best to have the breakfast a meatless meal and dinner a wheatless meal."

"The pictures must have a light background," chief Pollock said. "This is a requirement of the regulations, and cannot be changed."

All those who registered appeared to understand the seriousness of the work, but registered into the several tanks good naturedly. Several amusing incidents occurred in cases where the registrants had no identification papers.
